Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Stratham, in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Stratham on Tuesday, the 12th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To see if the Town will vote to accept State Aid for highway improvement, raise and appropriate money for the same.
4. To see if the Town will vote to clean and repaint the walls of the Town Hall, raise and appropriate money for the same.
5. To see if the Town will vote to paint outside of Town Hall, and repair the front door, raise and appropriate money for the same.
6. To see if the Town will vote to raise and appropriate the sum of \$500 for the purpose of regrading Bunker Hill Ave.
7. To see if the Town will vote to purchase some fire extinguishers, raise and appropriate money for the same.
8. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 21st day of February, in the year of our Lord nineteen hundred and twenty nine.

CHARLES H. CHASE,
A. H. JEWELL,
W. LESLIE DINING,

Selectmen of Stratham.

A true copy of Warrant—Attest:

CHARLES H. CHASE,
A. H. JEWELL,
W. LESLIE DINING,

Selectmen of Stratham.

July 9, 1928.

I have this day examined the accounts of the School Treasurer, F. H. Pearson, and find them correctly cast and properly vouched with a balance on hand of \$18.94 (eighteen dollars and ninety-four cents.)

ALICE S. JEWELL,

Auditor.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Stratham:

I herewith submit my annual report as superintendent of the Stratham schools, the tenth in the series. This report will deal with the schools of the year which ended in June 1928, with the schools as they are this year, and with recommendations for the future.

We had a total enrollment last year of 68 pupils. This figure, however, includes all of those who entered or left at any time during the year. As you will see by referring to Table I, the average membership in the four schools was 51.99. We had the best percent. of attendance last year that we have had in the last ten years. The figure 95.71 means that practically every pupil who could get to school was there. The number of cases of tardiness was smaller than we have had in ten years. The work of the teachers in general was commendable. At the end of the year, the usual Stanford Achievement Tests were given, the results of which you have seen, and they showed the proper attainment. The state of health in the schools was, in general, good. On the whole, Table I, it seems to me, shows, so far as such statistics can show, that parents are availing themselves of the full opportunities of the schools. If one wishes to compare one school with another in Stratham, he can do so by referring to Table II, which gives some interesting detailed information.

I call your attention to the Honor Roll given in Table III. A higher percentage was attained in this item in the school year 1926—27 than last year but the general trend during ten years is gratifying.

The total local enrollment so far this year is 62, distributed as follows:

| | | | |
|-----------------------|----|---------------------------|----|
| Winnicutt School..... | 17 | Stratham Hill School..... | 17 |
| Ridge School..... | 20 | Plains School..... | 8 |

The total enrollment in Exeter High School and Robinson Seminary from Stratham is 36, distributed 22 in the Senior High School and 14 in the Junior High School. It is expected that next September there will be 30 in the Senior High School and

19 in the Junior High School. We have fewer enrolled in our schools who are below $5\frac{1}{2}$ years of age than formerly; it is much better, of course, for children who are not mature enough for the first grade to be relieved of trying to do the work. They fit into kindergartens quite well; it is, however, not only a waste of time for them to attend school but a detriment to their learning in later years.

We are confronted again this year with some enrollments beyond the sixth grade. As in former years, we are doing everything possible to provide as much of the work of a Junior High School as we can. It seems probable that there will be a few of these cases each year unless the district votes to pay transportation to a Junior High School out of town.

The schools have been disturbed during the last month by the prevailing epidemic of colds; otherwise, they have been in good condition as far as health goes.

As you know, the Health Officer appointed by the State Board of Health insists on vaccination of all those who are fit subjects for vaccination. There is nobody in school, I believe, who has not submitted to this process.

I have inserted Table VI for the purpose of giving some information about the Stratham schools as compared to others. It is quite apparent that we are not getting our money's worth with reference to the number of days of school. I suggest that we try to find some way during the coming year to get the six or seven days needed to complete our full 180 days of schooling.

Tables VII and VIII are included in this report for the purpose of giving detailed information to those who are interested in the finances of the district. The matter of financing the schools is the most important one which we have and should merit the consideration of everybody concerned in any way.

I offer two concrete suggestions about repairs. I believe we ought to provide some new desks and desk tops, and I think we ought to start on a two or three year program, providing, each year, one large jacketed stove till the present ones are replaced. The double desks long used in the Ridge school have now a writing surface which is practically useless. In order to do passably neat work with either pencil or pen, the pupil must have a piece

of cardboard or some other heavy smooth material underneath the paper upon which he is writing. These desk tops are made of ash, which grows in the form of a soft layer with a hard layer. When these layers are presented in a flat surface, the soft part is quickly worn away, leaving depressions of various shapes and depths. Not only are the desk tops useless, but the seats themselves are so rough as to cause great wear on clothing. My suggestion is that we remove these double desks and replace them with enough single desks for the school. I recommend desks of the movable type, which can be supplemented as our needs increase. They will cost from \$10 to \$13 each, according to size. The furniture of the Stratham Hill school and the Plains school is in fairly good condition. The desk tops in the Winnicutt School are in much worse condition than those I have just mentioned in the Ridge school. It is possible at small cost to replace these tops with new ones and have them finished to match the rest of the furniture, thus providing a practically new desk for each pupil. It is probable that \$5 apiece would buy and install the finished top. \$75 to \$100 would care for this item. The efficiency of the method of heating with the jacketed stoves lies in their way of distributing heated air in the room. This piece of apparatus has been tried out over a period of fifteen years in the most difficult circumstances and has been proved efficient. Such a heating arrangement is the most healthful one for the pupils, the most economical one so far as fuel is concerned, and the most easily cared for. The usual price is about \$100.

In the report of last year, I called attention to the need of warning signs to prevent automobile accidents at the Ridge and Stratham Hill schools. I still think that conspicuous signs there are very much needed.

I take this opportunity to acknowledge my appreciation of the interest displayed in the schools and their work by the School Board, parents, and all other citizens.

Respectfully submitted,

CLIFTON A. TOWLE,

Superintendent of Supervisory Union No. 16.

Exeter, N. H., February 7, 1929.

TABLE I.
Statistics for Ten Years ending June 30, 1928.

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School District in the Town of Stratham,
qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the twelfth (12th) day of March, 1929, at 12 o'clock noon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a member of the School Board for the ensuing two years.
5. To choose a Treasurer for the ensuing year.
6. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
7. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
8. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
9. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
10. To see what action, if any, the district will take in regard to transporting the children of the seventh and eighth grades, raise and appropriate money for the same.
11. To see what sum of money the district will raise and appropriate for new desks at the Ridge and Winnicutt Schools.

12. To transact any other business which may legally come before said meeting.

Given under our hands at said Stratham this 18th day of February, 1929.

M. S. CHASE,
W. A. SCAMMAN,

School Board of Stratham.

A true copy of warrant—Attest:

M. S. CHASE,
W. A. SCAMMAN,

School Board of Stratham.
